CUNY Pathways - Where are We?

To Do	Date
10 00	Date
Course needs to be approved as Pathways/What committee reads proposal?	
	7/30/12
	1/30/12
· ·	
	f courses
*Not enough courses - little choice.	
*Can current US Stand-Alones be drafted?	
Music? Art? Enough courses?	
*Call NS of NS+L courses populate Scientific world?	
T	I
Hold off on science in the college option, given the shortage of courses.	
*Current version, written by faculty from three divisions sent to EC2 list	
	9/13/12
	9/13/12
continue to house it in CV's office	
Waiting for Lexa and Julia's response	
*Must include writing in the flexible core	
*If there is going to be a Synthesis requirement, it could fulfill the W	
*w requirement is better off as part of major	
Iron a constant of the constan

	Course needs to be approved as Pathways/What committee reads proposal? *Question of hours. 3 credits, 3 hours? *Courses can be submitted to GEAC as pilot this summer will then go to WISC (WSC?) in Fall., WISC to be involved also with GEAC? Need for follow up with Marty Braun Concern about enough courses Big questions: Writing in Flexible Core/Size of Courses/Having "right mix" o An abundance of seats *Not enough courses - little choice. *Can current US Stand-Alones be drafted? Music? Art? Enough courses? Psych, Art, Media Studies, Music? Enough courses? *Still an emergency. Huge shortage of science courses is worrisome. Practical consideration, is there enough lab space? *Can NS or NS+L courses populate Scientific World? What needs to be done? Do courses need to be approved? Talk to Bill McClure. Perhaps a sub-committee to sort out what's needed. Hold off on science in the college option, given the shortage of courses. *Current version, written by faculty from three divisions sent to EC2 list *College-wide listserve for wider distribution? *Faculty can draft proposals over summer and send to GEAC/with WISC reps. *Bobby Brody will send to Senate over summer, and present guidelines for approval in September. *Send to programs, not just departments Eventually, this site will be turned over to others to maintain rather than continue to house it in CV's office
